

LIST OF TABLES

Table 1.1	The terminologies, sizes and characteristics of particles	1
Table 4.1	The weighted score comparison between Design 1 and Design 2.....	25
Table 4.2	Cost breakdown for the laser attenuation measurement system	31
Table 5.1	The droplet density numbers for the different droplet sizes and \bar{Q}_e for continuous-and-rapid water spraying experiment	39
Table 5.2	The droplet density numbers for the different droplet sizes and \bar{Q}_e for continuous-and-slow water spraying experiment	40
