

ACKNOWLEDGEMENTS

The success of this Capstone Consultancy Project required a lot of guidance and assistance from many people and I extremely fortunate to have got this all along the completion of this Project. Whatever done in this Capstone is only due to such guidance and theories learnt through out the studies, and I would not forget to thank everyone involved directly and indirectly in the completion of this Capstone Project.

I would like to personally thank my academic supervisor, Dr. Lai Fong Woon for his continuous support as well as my industry advisor, En Noor Isham B Mohamed from PETRONAS Carigali Sdn. Bhd for his endless guidance. Last but not least, I thank my fellow colleague for the cooperation, togetherness as well as assistance rendered until the completion of this Capstone Project.
