

## LIST OF FIGURES

FIGURE 1-1 Construction of Ladder-type frame .....	2
FIGURE 2-1 Construction of Ladder-type frame .....	3
FIGURE 2-2 Perimeter-type frame construction which consist of torque box.....	3
FIGURE 2-3 Construction of unit body design (Toyota) and floor pan position .....	4
FIGURE 2-4 Previous FSAE tubular space frame chassis .....	4
FIGURE 2-5 Longitudinal weight transfer .....	6
FIGURE 2-6 Total lateral weight transfer .....	7
FIGURE 2-7 Jacking effect and roll center position.....	8
FIGURE 2-8 Torsional stiffness for previous chassis design .....	9
FIGURE 2-9 Stiffening up tubing bending .....	10
FIGURE 2-10 Angle of twist .....	10
FIGURE 2-11 Three type of design approaches .....	12
FIGURE 2-12 Stress – Loading Cycles Curves (Beer,Johnston&DeWolf) .....	14
FIGURE 3-1 Proposed project flow chart for first semester (FYP1) .....	17
FIGURE 3-2 Proposed project flow chart for second semester (FYP2).....	18
FIGURE 4-1 Translational deflection vs. load .....	26
FIGURE 4-2 Improper chassis design .....	27
FIGURE 4-3 Boundary condition .....	28
FIGURE 4-4 Torsional stiffness analysis set up .....	29
FIGURE 4-5 Five nodes selected to calculate the torsional stiffness .....	30
FIGURE 4-6 First configurations .....	31
FIGURE 4-7 Suspension configurations in CATIA model .....	32
FIGURE 4-8 Second configurations .....	32
FIGURE 4-9 Suspension set up in CATIA .....	32

FIGURE 4-10 SF02 assembly in ADAMS Car .....	33
FIGURE 4-11 Graph lateral chassis acceleration vs. time for all the car assembly .	33
FIGURE 4-12 Straight line result .....	34
FIGURE 4-13 Result produced after the car changing line .....	35
FIGURE 4-14 Fabrication processes .....	35
FIGURE 4-15 Abrasive cut-off saw machine .....	36
FIGURE 4-16 Angle grinders .....	37
FIGURE 4-17 Typical pipe notcher (Anthony M O'Neill, 2005) .....	37
FIGURE 4-18 Bramley pipe benders .....	38
FIGURE 4-19 Jig construction for previous chassis fabrication .....	38
FIGURE 4-20 Suggested jig construction .....	39
FIGURE 4-21 Steel tubing holders .....	40
FIGURE 4-22 SMAW or Stick welding (Groover, 2002) .....	41
FIGURE 4-23 GMAW or MIG welding (Groover, 2002) .....	42
FIGURE 4-24 GTAW or TIG welding (Groover, 2002) .....	42

## **LIST OF TABLE**

TABLE 1 Frame design construction for Ladder-type and Perimeter-type chassis ....	3
TABLE 2 Material properties .....	13
TABLE 3 Decision Matrix.....	19
TABLE 4 Components weight for SF02 car .....	24
TABLE 5 Components weight for SF03_02 car .....	24
TABLE 6 Maximum translational deflection for each design .....	26
TABLE 7 Translational deflection comparison .....	29
TABLE 8 Deflection and Torsional stiffness for each node .....	30
